## "WHY WILL MEN LIE?"

On Thursday, of week before last, a reporter left Jackson, Ky., for Mt. Sterling; on the same train was Judge James Hargis, of the former town. Two men, armed with Winchester rifles, attempted to rob the life of Judge Hargis as he was passing through Wolfe county. The Reporter has seen the newspaper business long enough to know an item of news when he sees it—hence, the item in the Courier-Journal regarding the attempt on the life of Judge Hargis. "A day or two after, the Lexington Herald published an interview with Judge Hargis in which the special to the Courier-Journal was branded a lie. Then comes along "Bob Postmaster," Perry, of the Winchester Sentinel saying with a big "I." "I interviewed the passengers on the train and the conductor, Capt. Shelby, and there is absolutely nothing in the report. It is another fake, "Why will men lie?" Last, but not least, "Bladams" of the Winchester Sun, sees Judge Hargis' brother, who lives in Clarke county, and proceeds to write something like this: "Judge Hargis spent the night with his brother last night and we learn that the 'special from Mt. Sterling' was a fake—a heap of whole cloth." Now read "following from the Lexington Leader of Thursday, and then, when we would like to know what lied." The passengers, the conductor, Judge Hargis, the Herald, his brother, himself, Bladams, or THE MAN WHO SENT THE "SPECIAL," and saw it all?

## The Leader says:

It was given to the Leader to-day that the reason the Commonwealth and the prosecution threw up its hands and refused to further prosecute the case was the danger that threatened the life or limb of the witnesses for the prosecution should they have ventured into Wolfe county at this time. This much is borne out by a letter written by James Hargis, County Judge of Breathitt, and a brother of Ben Hargis, who was killed by Tom Cockrell.

That letter is sensational to a degree and confirms the report that Judge James Hargis was assaulted on a train in Wolfe county by two men armed with Winchester rifles. The letter was addressed to A. F. Byrd, the Commonwealth's Attorney, who is engaged in the prosecution of Cockrell, and announces his trial as being a farce, and states his reasons for not appearing in the prosecution. The letter is as follows:

### JUDGE HARGIS' LETTER.

Jackson, Ky., Oct. 21, 1902.  
Hon. A. F. Byrd, Commonwealth's Attorney, Campion, Ky.

Dear Sir:—I have just been informed by my attorney that the Judge has ordered the trial of the Cockrell case in the absence of material witnesses for the Commonwealth, and over your protest. You are well aware that my personal safety makes it impossible for me to attend the trial. We have made all preparations for this trial, and while I was assaulted on a train as I passed through Wolfe county by two men armed with Winchesters. My friends in your county have advised me not to attend this court. A trial in the presence of myself and brother, and the absence of some of the most material witnesses can have but one result, and I think you will be a party to such a farce. As a brother of the deceased, I have felt some desire to see the man tried, as he treated us other criminals, and have been ready to render such aid to the Commonwealth as is consistent with my duty as a citizen. You well know that under the circumstances and existing conditions a conviction is not possible at this time. I therefore earnestly request that you dismiss this case absolutely.

Very respectfully,  
JAMES HARGIS.

On Saturday on the Jed Cogg well farm seven miles from Morehead a fine oil well came in.

EARL WHITNEY.

The above is a true picture of Earl Whitney, who confessed to the murder of Addison B. Chin, a prominent citizen and merchant of Lexington. We are indebted to the enterprise and courtesy of the Lexington Herald for its use. Whitney says Claude O'Brien fired the fatal shot.

CLAUDE O'BRIEN.

This is the notorious boy burglar who, with Earl Whitney, murdered Mr. Chin, of the firm of Chin & Todd, Lexington. His wound in the leg inflicted by Asa Chin caused him to be caught. He is old in crime.

### Interesting Veteran.

One of the most interesting veterans that will attend the exercises incident to the opening of the Home is Col. W. P. Connor, of Owingsville. He is a veteran of the Mexican and Civil Wars, and was always in the thickest of the fighting. He served in the Third Kentucky regiment, of which John C. Breckinridge was major, in the Mexican War, and was Gen. Morgan in the Civil War. Col. Connor is clerk of the Circuit Court of Bath county, having held that office thirty years. He has had opposition only on one or two occasions, and then won by hand-some majorities.

Col. Connor was for some time Captain of Company F, Second

Kentucky mounted regiment, and just before the close of the war was made a Colonel. It is said that he was one of the best riders under Gen. Morgan, and could use a rifle effectively while his horse was in a gallop.

"I am glad we at last have a home," said Col. Connor. The State has long needed one. I am going out to see it early in the morning, and from what I have heard shall not be disappointed.

Courier-Journal.

Mr. Hiram Hogg has been appointed County Judge of Owsley county by Governor Beckham to succeed Judge O. C. Hyden recently assassinated. Five hundred dollars reward has been offered for each of the unknown assassins.

### "JOHN MARKEL AND HIS WORLD"

#### A Striking Pen Picture of Wealth and Misery in the Mine Regions.

The following was clipped from the Louisville Evening Post, dated Jedd, Pa., Oct. 18:

"John Markel, His World," might well be inscribed on the wall of Jedd, that all who run might read.

Standing on the highest pinnacle of the mountain above Jan Siding, overlooking the Lehigh Valley and the mining town of Jedd, all that the eye takes in is owned or controlled by the Markle interests. And such a view!

Huts, devoid of even the ordinary furnishings of a miner's wretched home, are the abiding places of the miner's wife.

In the valley pits, cave-ins of the mines, half-filled with sulphur water, covered with a treacherous layer of coal dust, lay in wait for little feet that stray from the rock-piled streets or dingy doorways in search of childish pleasure.

#### FENCES TORN DOWNS

This is the town where scarcely two months ago John Markle, author of the famous "arbitration" clause, ordered the crude fences erected by the miners after work at night around their tiny gardens, torn down to burn in the deputies' houses for fuel.

In all this barren landscape there are but two stretches of refreshing green—that around Markle's residence and the mule pasture.

The Markle home is a source of wonder. Standing within 20 feet of the Lehigh Valley Railroad, in which Markle has an interest, the palatial mansion of the millionaire mine owner seems like a gem from civilization dropped into the lap of the dark ages.

Wide verandas, hothouses, conservatories and a lawn of velvety smoothness, planted thick with flowering shrubs, makes the place a pleasure to the eye.

A high board fence, topped with barbed wire, surrounds this palace, and heavy iron gates bar the entrance. At present an entire company of the First Regiment stands guard over the Markle home.

Back of the private grounds of the house is the mule corral. Here 900 mules are guarded by another company of State militia.

Following the first commissary wagon of the First Regiment through the streets of Jedd today were a half dozen boys and girls. They tramped through the "Chuck" holes along the highway, watching for something to drop from the wagon, which was piled high with food for the soldiers.

Not until headquarters was reached did a windfall occur, when leaves on some fresh cabbages were stripped off and thrown in the gutter by the Quartermaster. These children pounced on and ate.

#### WORTH \$40,000,000

The Markle estate, which embraces Jedd, Harley, the oldest mining town in the aromatic regions, and Elberdale is roughly estimated at \$40,000,000. Fully 1,000 men are employed in the mines owned by John Markle & Co. Alvin and John Markle are members of the firm, but John Markle is the recognized head of the enormous mining business.

The company store, long since abolished by the laws of Pennsylvania is one of the revenues of the millions. A brewer, Wood, Hazelton, a coffin factory, a supply store and a number of the stock of th

Traction Company are other assets of the Markles.

#### WOMEN ARE ARRESTED

There are no distressing scenes here of miner's wives picking coal in their bare feet, for they are arrested if they set foot on the culm banks or attempt to pick coal from the streams or dig it from the bog lands.

The cries of hungry children are not pleasant, so many of the women trudge over the mountains in search of chestnuts. Sometimes they get a couple of quarts, which are roasted, boiled and eaten with salt. Often a fine meal is made of the roasted chestnuts baked into round, hard cakes. I have seen chestnuts prepared in a dozen different ways in the miners' homes at Jedd.

Jedd has the distinction of being the only mine in the Seventh District where at least one man has not gone back to work. This is believed to be due to Markle's boast at the Washington conference that all he needed was enough troops and he would speedily have the mine in full operation. With three companies encamped on his own property he was unable to break the ranks of the strikers.

#### JESSE M. PARTON

#### Economy and Care in Business.

Are old ideals to be shattered? You remember the Stephen Girard story. It is as familiar as your second reader. The merchant wanted a boy, and before two applicants placed packages and instructed the lads to open them. One whipped out his knife and cut the cord. The other carefully untied the knot, saved the cord and got the job on account of his thrift and care.

Is there anything in that story? "Success" asked some of the merchant princes of the country and received some surprising replies. Some big merchants asserted that the boy who would now untie the knot should be shown the door, because time is worth more than cord.

Wide verandas, hothouses, conservatories and a lawn of velvety smoothness, planted thick with flowering shrubs, makes the place a pleasure to the eye.

A high board fence, topped with barbed wire, surrounds this palace, and heavy iron gates bar the entrance.

At present an entire company of the First Regiment stands guard over the Markle home.

Back of the private grounds of the house is the mule corral. Here 900 mules are guarded by another company of State militia.

Following the first commissary wagon of the First Regiment through the streets of Jedd today were a half dozen boys and girls. They tramped through the "Chuck" holes along the highway, watching for something to drop from the wagon, which was piled high with food for the soldiers.

Not until headquarters was reached did a windfall occur, when leaves on some fresh cabbages were stripped off and thrown in the gutter by the Quartermaster. These children pounced on and ate.

#### A REUNION.

cord and at the home of Mrs. Emma J. Hodgesides, on October 19th, there was a reunion of her entire family. Among those present from a distance were: Mrs. J. A. Cooper and son, and daughters of Brannan; Mrs. J. H. May and two daughters, of Veatch and Clark, of Clark, and Mrs. W. F. Allan, Irene and Columbus Hedges, also four of their grand children, Sudie and Calie Lee Cooper, Misses Nora Hanan and Evelyn Meyers. This being the first time all have been together in fourteen years.

## Big Purchase—Rich Southland.

J. G. Trimble returned from Memphis and the State of Mississippi on Saturday last, and while there he purchased several tracts of land in the Delta of Mississippi amounting in the aggregate to 341 acres, which in addition to the land purchased by him earlier Frank Shadley, within the last year, amount to over 10,000 acres, which they now own. He speaks in glowing terms of the great resources of that country, and says the valley of Mississippi between Memphis and Vicksburg offers greater inducements to capitalists for profitable investments, or for speculation, than any other part of the United States.

There are millions of acres of unimproved land of inexhaustable fertility, covered with cane, and much of it timbered, which can be purchased at \$5.00 to \$10.00 per acre, and improved farms at from \$15 to \$45 per acre lying near railroads, which can readily be rented for cash at five dollars per acre. Cotton and corn or the greatest staple productions. It is an excellent fruit country and all kind of vegetables grow to perfection, frequently producing two crops in the same year and can compete successfully with Florida in the production of all kinds of early vegetables for the early market, especially strawberries, which are transported from time by train loads.

Floyd Day of Breathitt county, and company, have recently purchased 16,000 acres of timber land in the same locality, which it is believed will pay them 100 percent profit within two years.

#### Bave It Sure.

The way to go to the top is by climbing. It is this we do in the profession in business. If you go to T. K. Barnes and Sons for a can of peaches you may be sure of obtaining the same delicious flavor as when pulled from the tree; corn, peas, pineapples, molasses, ham, home grown and tropical fruits. They never stop climbing until they have the best that money can buy, believing in many sales and small profits on each, rather than pull out a lot of stuff not much better than will and at a big price at that.

Now here is another addition. It is Trow's celebrated Perfection flour. Always with the best; the taste is such that allows none of the superlatives to go by. This is the highest grade of flour with properties few possess. It is for sale only by T. K. Barnes & Sons. Don't you want a sack of the best?

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening their food into the kind of pure, rich red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worse form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. ## DISFRANCHISED:

If the Democracy of Menefee  
county has been disfranchised as  
charged, who did it? In a com-  
mittee meeting, the manner of  
selecting candidates by the two  
counties was agreed upon. Mont-  
gomery to have two terms to  
Menefee one term. A resolu-  
tion was offered which provided  
that the Montgomery select their own  
candidate and Menefee would do  
the same, but Menefee's rep-  
resentatives, with five from Mont-  
gomery committed the counties,  
to this method. That the candi-  
dates would come from the  
county according to time agreement,  
but each county would have a  
voice in the selection. This is the  
real condition and if Menefee has  
been disfranchised it has been  
done by her own spokesmen, and  
that over the majority of the  
Montgomery delegation. As a  
matter of fact the Menefee dele-  
gates did right, for to have adopt-  
ed the amendment would have  
carried with it disfranchisement.  
Democracy should and will act in  
favor with the best material, and  
if they have at any time failed in  
this, then the leaf should be turned  
now. It is right to offer only  
competent men who know the  
needs of the commonwealth and  
how to bring about remedial  
enactments.The man who would favor  
strikes, centralization, combina-  
tions that name prices and dictate  
to the people will vote for the Re-  
publican candidates for congress,  
but the people want F. A. Hop-  
kins and will vote for him.Every man who loves his coun-  
try, a free government in the af-  
fairs of which the people have a  
voice will vote for F. A. Hopkins  
for Congress.The man that counts has ideas,  
they are his own, Register and  
vote for and with the people, F.  
A. Hopkins for congress.RELATION OF MENEFEE  
AND MONTGOMERY AS  
A LEGISLATIVE DIS-  
TRICT.At a meeting of the Democratic  
Committee for the 9th Legislative  
District of Kentucky, held at  
Chambers Station in May 1901, J.  
H. Williams presided as Chairman  
at said meeting. A. S. Johnson  
introduced a resolution that the  
agreement between Menefee and  
Montgomery county should stand  
in so far as Menefee was to have  
one term and Montgomery two.  
But that was amended so that when  
it was Montgomery's time that she  
selected her own candidate and Men-  
efee would ratify but would have  
no part in naming candidate. And  
that when it was Menefee's time  
she would name the candidate and  
Montgomery ratify, she though to  
have no part in the selection. The  
reason given for this was that  
Montgomery being the larger coun-  
ty would always select the candi-  
date, even though he were resi-  
dent of Menefee county. J. H.  
Williams made four speeches in  
opposition to this proposition, and  
all six of the Committee from Men-  
efee county voted against same.  
Amendment lost by vote of 11 to  
10.The above is taken from records  
of the meeting above referred to and we produce it that the good  
people of Menefee may know the  
exact situation. Again we ask,  
and with the light of the above, was  
Hon. J. H. Williams' article time-  
ly? And again we want to be under-  
stood as asking of Menefee just this:  
Canvass your county and if your  
best man is not offered, bring  
him in endorsed by a majority of our  
democracy. He would receive  
the vote of Montgomery  
county sure.

Vote for Hopkins for congress.

IS GOVERNOR BECKHAM  
ELIGIBLE.To our mind it does not require  
the mind and legal knowledge of a Judge  
of the Court of Appeals to intellig-  
ently decide this question. The  
intention of the law, the facts to-  
gether with a literal construction is  
apparent. Evidently the intention  
of the framers of the law was  
that the Governor who is elected  
for and serves a full term, four  
consecutive years is not eligible for  
a succeeding term. Now Governor  
Beckham became officially  
Governor Goebel until the regular  
election and so acted when as mem-  
ber of the party his name was  
placed on the ballot and elected  
Governor for the remaining unex-  
pected term of Governor Goebel.  
Hence it appears that Governor  
Beckham could not have served a  
full term.First, Gov. Goebel served a  
short period and it matters not  
whether it was a period of one day  
or longer, the term was cut short  
just that much and Gov. Beckham  
is therefore eligible to re-election.If you want high meats in the  
market and low prices on the  
farm just place yourselves in the  
hands of trust. The Republicans  
have planted and cultivated them,  
and if the people do not speak  
now the time will soon be when  
everything will go as Marley  
and his direst. The hope of the  
people is through the Democratic  
party. Vote for Hon. F. A.  
Hopkins for congress.EVERY DEMOCRAT MUST  
VOTE.Every man with a political faith  
that counts should vote. If you  
haven't registered do so and be  
ready for the November and other  
elections for the year.Hon. F. A. Hopkins, Demo-  
cratic candidate for congress is a  
live wire, and if there is any  
good thing going the Tenth Dis-  
trict will be sure for her share.  
Vote for him for congress.

Vote for Hopkins for congress.

## A CLEAR FIELD.

The withdrawal of Joe Kemper  
from the race for Circuit Court  
Clerk gives a clear field to Mr. R.  
J. Hunt who at the proper time  
will be declared the nominee.  
The withdrawal of Mr. Kemper  
averts the close contest and possi-  
bly some bitterness Mr. Kemper  
was mainly in his withdrawal notice  
giving proof of the democracy  
that pervades his very being.  
Mr. Hunt will make a fine clerk,  
needs the office, is a working  
democrat and to give him the  
office without further opposition is  
nothing more than her merits.

## VOTE FOR HOPKINS!

Weak and Tired.

"Do you suppose your Vinol would do me any good?" said a woman customer the other day. "I just drag round. My work seems an awful burden."

"I think Vinol will help you," said our clerk. "Our folks at home use it. We have such faith in it that we will pay the money back if it doesn't help you."

She took a bottle of Vinol home and has since bought another bottle.

Vinol was sold last year on the same guarantee. How many "refunds" were there, do you think? Less than two percent.

In other words, Vinol did successful work in ninety-eight cases out of 100.

For two great classes, those who can't seem to gain strength, and those who are tired at nothing, we say: "Try Vinol on our guarantee."

Arrested.

A man giving for his name J. C. Woodruff and his home in Tennessee was arrested by Major John Taul and Jim Clark, Sheriff Marshall. He had in his possession two overcoats, several pairs of pants, a few mufflers, red flannel suit, some cheap jewelry and \$7.75 in silver. Woodruff is a suspicious character and is held for carrying concealed weapons. The prisoner says he is a peddler and was pulling along on foot because his horse had died. Officers are of the opinion that he may be one of the house breakers operating in Eastern Kentucky.

From the basket of large tomatoes brought us by Mr. Asa Bean, we selected one that measured in circumference sixteen inches and weighed two pounds. DR. C. EDWIN POYNTZ

Shot By John Siler at Paint Lick, While on the Way to His Office.

Seldom have the people of Richmond and Madison county been so shocked as they were Monday night, Oct. 29, when the news reached this place that Dr. C. Edwin Poyntz, of Paint Lick, had been fatally shot by John Siler, of that place, and in return also received dangerous wounds. Immediately upon the receipt of the news Dr. and Mrs. J. M. Poyntz, accompanied by Drs. H. R. and W. M. Gibson left for that place. Shortly after their arrival several of the doctors from Lancaster and Dr. Carpenter, of Stanford, arrived and after an examination of the doctor, who had been shot, decided nothing that could be done, save to ease his last hours as much as possible although everything was done to save him without avail. He died Tuesday morning at 4:20 o'clock, being conscious until the last save for short naps caused by the administration of opiate.

The news caused great excitement and groups of men, eager for the details, stood about the streets until a late hour Monday night discussing the dreadful affair.

The story of the terrible affair took back possibly six weeks to the black hands of the Paint Lick Hotel. At the death of Mr. C. B. Engleman, late proprietor, Mrs. Engleman feeling unable to carry on the hotel, rented a private house and took boarders. Dr. Poyntz having been a friend of the family and also their family physician, left the hotel as did several other boarders and went with Mrs. Engleman. Siler, who became the hotel proprietor, is said to have accused Dr. Poyntz of running down the hotel and inducing his boarders to leave. Thinking drifted at all times. One Saturday night when a drummer friend of Dr. Poyntz arrived in Paint Lick and accompanied him home to supper. Again Monday night he had a friend to supper. This is supposed to have started Siler, as for Dr. Poyntz was returning to his office Monday night after supper, Siler seeing him, crossed from the hotel to a point where Poyntz had to pass to reach his office. As he passed Siler attempted to raise a fusillade but Dr. Poyntz passed by and started up the steps. Siler then shot him, and reached the third step, it is said that Siler fired the first shot, the bullet striking him in the back at the belt, ranging upward, and came out just under the heart. This shot was fired at such close range that a considerable hole was burned in Dr. Poyntz's coat. Dr. Poyntz, who was on the steps and in the light, wheeled and started down the steps when Siler shot him again, this time the ball entering below the shoulder blade and taking an upward course. The first shot fired by Dr. Poyntz struck Siler in the right shoulder blade and taking a downward and backward course. The exact order of shots is not known, although it is generally conceded that Siler shot first and possibly fired the two shots which entered Dr. Poyntz's back before the fire was returned. This conclusion is drawn from the fact that after Dr. Poyntz began firing his back was never to Siler, consequently the shots must have been fired before he faced his antagonist. Siler fired five shots, four of which took effect, while Poyntz fired four, three reaching the mark, one hitting above Dr. Poyntz's head Tuesday morning about 4:20 o'clock. Siler, who was operated on, is still alive and has a fair chance to recover.

Mr. Siler came from near Crab Orchard and for several years had lived at Paint Lick. Sometime in September he became proprietor of the Varanda Hotel at that place. He is a brother of Mat Siler, town marshal of Lancaster, and is about 35 years of age.

Dr. C. Edwin Poyntz was the only son of Dr. J. M. Poyntz, of this city, and was in his thirty-first year. He was born in Leesburg, Harrison County, Ky., November 15, 1871, but has lived here since a small child, being educated at Central University. He received his medical education at the Hospital College of Medicine in Louisville, where he graduated with the honors of a large class. He was a member of the Kentucky State Medical Association and an active member of the Garrard County Medical Society, and located at Paint Lick seven years ago and had gained an enviable reputation for his skill and knowledge for his years. Among the honors that had come to him was that of chief surgeon of the Kentucky sons of Confederate Veterans. He was a deacon in the church and also one

The many people in the surrounding country and from different parts of the State who attended the funeral, by their presence attested the high esteem in which the deceased was held. Many telegrams of sympathy together with beautiful floral tributes were received and a large concourse of citizens gathered at the grave to shed a last tear over the grave of their departed friend. The several orders of which Dr. Poyntz was a member participated while the Masons had charge of the services at the grave. The father and sister of the deceased have the sincere sympathy of a host of friends here and elsewhere.

Among those who attended the funeral from a distance were: Mrs. Jesse Turney, of Paris; Mrs. Gatewood, Mrs. J. L. White, Mrs. Pierce Winn, Mrs. Bettie Owings and Mr. Asa Bean, of Mt. Sterling, and Mr. Poyntz Bean, of Lexington.—Richmond Register.

Dr. Poyntz was raised in this country at his aunt's. Mrs. A. E. Beans and was well and favorably known by a host of friends. This sad and untimely end is keenly felt and the profoundest sympathy for sorrowing ones fills the hearts of those who knew him best.

# WOMAN'S SPHERE

All accepted theories of woman's sphere have been set at naught by woman's progress. Not only are there women physicians, women lawyers, women preachers, women composers, etc., but recently an attempt was made to establish women as conductors on a street-car line. It is announced that a woman has recently received a pilot's certificate and license. Another woman has been discovered conducting a butcher's business, and yet another works at the blacksmith's forge. In the last two cases the women were widows and having no other means of support, entered upon the occupations their husbands had followed and practiced them with success. From facts like these, arguments have been made that in time there will be no occupation free from the encroachments of women. But it is easy to see that under ordinary conditions few women could undertake to do successfully the hard manual labor to which men are accustomed. Many a woman finds herself utterly unable to perform the easiest household duties at certain periods, because she suffers from pains which make her incapable of the least physical effort. A majority of women suffer from womanly diseases, and as a consequence are afflicted with backache, headache, sidesache, nervousness and other feminine ailments which would make it impossible for them to take up a man's task. As long as this condition lasts the women who enter upon what have been deemed masculine occupations will be the exception, not the rule.

But will this condition of womanly weakness and sickness last always? It will not, because every day women are discovering by actual test that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It cures headaches, backache, sidesache, nervousness, sleeplessness, and other feminine ailments which are the result of womanly disease.

"You have my heartfelt thanks for your kind advice to me in my sickness," writes Mrs. George Fletcher, of 105 Victoria Avenue, Gal, Ohio. "I have tried many remedies over a year. The doctors said I would have to go through an operation. I commenced to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' also his 'Lotion Tablets' and 'Antiseptic and Healing Salve.' Now I am completely cured, after using only six bottles of Dr. Pierce's medicines. I am glad to say my medicine has made me a new woman."

"I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it by Mrs. Elizabeth J. Fisher, of Lakewood, Montezuma, N.Y., Box 282. I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. R. V. Pierce for his advice. He answered, in a very kind letter, instructing me what to do. I followed his advice and to-day am a well woman,

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher, of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' which I did, and with the most happy results. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, especially at bed-time. Was so weak I could hardly walk across my room. Could not sit up only for a little while at a time. My husband used some of Dr. Pierce's medicine and I began to feel better. If had taken two bottles I was able to do my work. I used three bottles in all and it cured me. Now I do all my housework. It is the best medicine I ever used."

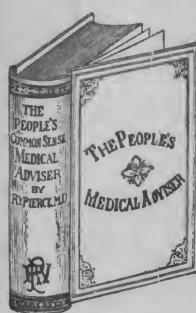

Dr. Pierce's Favorite Prescription cures forty-nine out of fifty women who give it a fair and faithful trial. It is remarkable for the variety of female disease it cures. There is no disease peculiar to women which will not be benefited by the use of "Favorite Prescription." In many cases, as in Mrs. Fletcher's, it cures when doctors say an operation is necessary.

Any weak or sick woman is invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

Do not confuse this offer of free consultation, by letter, made by Dr. Pierce with offers of "free medical advice" made by men or women who are not physicians, and have neither the medical education nor the legal right to practice medicine. Such advice is worse than worthless; it is dangerous.

In a little more than thirty years Dr. R. V. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of physicians, has treated and cured hundreds of thousands of weak and sick women. In inviting you to consult him, by letter, *free*, Dr. Pierce places at your service, without charge, the resources of one of the greatest and best known medical institutes in the country.

"Favorite Prescription" has the testimony of thousands of women to its complete care of womanly diseases. Do not accept an unknown and unproved substitute in its place.

## THERE'S NOTHING BETTER

In the form of a family medical work that Dr. Pierce's Common Sense Medical Adviser, it deals thoroughly with the general topics of health and disease, and gives instructions as to treatment in cases of accident or emergency. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

## The Abuse of Fuel.

The high prices of coal, caused by the strike now ending, have carried with them a salutary lesson. It has reminded our people that they have been using fuel wastefully. The natural resources of the United States are so great that something out of the usual order is necessary to convey the lesson that there is a limit to them.

But it is not merely in the matter of wastefulness that fuel has been abused. The sanitary argument is even stronger than that based on economy. In America we indulge in hot baths to a degree unknown in other parts of the world. Some of those who lecture us on the subject probably err on the other side. The cold rooms of Germany and France have their drawbacks, and there is reason to believe that they are often insufficiently heated. But that does not, in any degree, excuse the hot rooms to which Americans are very commonly subjected. It is not the degree of cold which is so fatal to health as the sudden transition from heat to cold. To quit a room at the temperature of a day in July and go into a zero temperature is necessary perilous, yet this is a common incident of American experience. It has cost many a man his life, and caused others troublesome attacks of illness.

With coal at abnormal prices the temptation to use too much fuel is not so strong. When normal rates are restored, it is altogether likely that most of the people will forget the prudence which necessity has taught them. But it is not too much to hope that the lesson of the strike may not be altogether lost on some.

## Those Opposed to Primaries.

The Glasgow Times, which has been heading the agitation for a State primary, gives what it contends to be a fair list of those opposed to primaries as a means of making nominees. While it may be said about a State primary, for various good reasons, is impracticable and somewhat chimerical, the same cannot be maintained when it comes to making nominations in a district of smaller territorial areas and where the necessity for formulating a platform does not exist. The list the Times gives of those who are opposed to primaries on general principles is entertaining, to say nothing of its instructiveness.

Those opposed to a primary are: Politicians with a grievance, who hope to find their opportunity for revenge in the skullduggery of a convention.

Politicians with aspirations who are weak before the people, but strong in convention-methods.

Politicians posing as lightning rods and dark-horses.

Politicians with states in their pockets.

Politicians who run for one office and divide it, or trade for another in conventions.

Politicians who will be out of "business" whenever a primary is called.

A very small minority that is honestly and conscientiously opposed to a primary.

These are the forces that are in opposition to the will of the people.

Elisha Hoskins and Charles Powell were given sentences of life imprisonment last week at Pineville for complicity in the "Quarter House" fight.

Circuit Judge Parker delivered a vigorous charge to the special grand jury impaneled to investigate the murder of A. B. Chin at Lexington. He commented at length upon the indifference of public opinion and the laxity of respect for the laws. In the course of his remarks he said: "If every spot where a man has fallen by the hands of violence were marked by a cross, Lexington would resemble a city of the dead as much as a city of the living."

For Governor.

Judge James D. Black, of Barbourville, has announced as a Democratic candidate for Governor.

## Foley's Honey and Tar cures colds, prevents pneumonia

Strike Off.

The long protracted strike in the Anthracite coal region is settled and work will be resumed to-morrow. The commission appointed by the President was acceptable to operators and miners. Fully 145,000 men have been idle.

## Foyley's Honey and Tar

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for G. Hayen, Geneva, O. He says:

"DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits.

## The Luxury of Living

You will never know until you have a abundant supply of water in your home. When you consider that we do the pumping all the year round, and that your water supply is always under pressure, there is

## Nothing so Cheap

in all your living expenses as the water supply from our mains. You may have water for sprinkling the street and lawn, a faucet in the kitchen, another in your stable and the charge is

## Only \$12 per Year

for 30,000 gallons. With the bath-room connected the cost is \$16.00 and the allowance 40,000 gallons. The first cost of installing the water is about the same as building a new cistern. Come in and talk about it anyhow, or see your plumber

### Look Out For Fever.

Biliousness and liver disorders at this season may be prevented by cleansing the system with DeWitt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands.

Oil has been struck at a depth of 1700 ft. by the Caney Oil Co., one mile from Cannell City, in Morgan county.

Chas. R. Wessmar, Evanston, Ill., writes: "My boy 24 years old had a severe cold which refused to yield to any treatment until we tried Foley's Honey and Tar. He was completely cured before using one bottle." Take none but Foley's.

F. C. Duerson, druggist.

### Coal More Expensive than Corn.

In New York City anthracite coal sold at \$87.50 per ton; corn at 50¢ per bushel. Two tons of corn are worth \$1.10, while one of coal is worth \$1.35.

Foley's Honey and Tar for children, safe, sure. No opiates.

### Mark Twain Orders Fuel.

Mark Twain has written the following letter to Secretary Shaw:

Sir: Price for the customary kinds of winter fuel having reached the altitude which puts them out of reach of literary persons in straitened circumstances, I desire to place with you the following order:

"Forty-five tons best old government bonds, suitable for furnace, gold 7 per cent 1864 preferred.

"Twelve tons early greenbacks, range size suitable for cooking.

"Eight barrels seasoned twenty-five and fifty cent post currency vintage of 1886, eligible for kindlings.

"Please deliver with all convenience dispatch at my house, in Kinsale, at lowest rates for spot cash, and send bill to your obliged servant.

"Mark Twain, who will be very grateful and will vote right."

### Remarkable Case at Hopkinsville Asylum.

Last February Miss Susie Pettit, one of the most popular girls in Owensboro, Ky., became suddenly insane. She was treated for a few days by local physicians, but, becoming violent, she was sent to the asylum at Hopkinsville. Her case was regarded as almost hopeless, but on Monday, Oct. 20, her mental faculties were restored to her with the suddenness of a flash of lightning.

### Not True to Politics.

A letter received at Frankfort from Booneville says that the assassination of Judge Hyden was not due to politics, but to personal enemies and feudal troubles. Gov. Beckman's appointee, Judge Hodge, will hold office until after the November election, 1903. In the McGuire-Hyden contest the lower court held that there was no election.
